

ADMISSIONS, SUPPORT AND INITIAL PLACEMENT DATA

The University of Notre Dame Doctoral Internship Program offers a full-time, 12-month internship for three doctoral-level graduate students in accredited programs in counseling or clinical psychology. The internship begins in early August, and requires a commitment of 40 hours per week

The University Counseling Center considers applicants from APA or CPA accredited doctoral programs in counseling or clinical psychology. Selection criteria include interests and goals appropriate to the internship program, evidence of necessary emotional maturity and stability, interpersonal skills appropriate to the professional practice of health service psychology, ethical conduct, a sound theoretical and academic foundation for effective clinical work, skill in translating theory into integrated practice, and demonstrated sensitivity to multicultural issues.

The University of Notre Dame is an equal opportunity/affirmative action institution and does not discriminate on the basis of race, color, age, sex, or national origin in recruiting, hiring, training, assignment, compensation, promotion, or use of facilities. While the University asserts its rights under federal statutes and regulations to be exempted from the non-discrimination due to religion requirements because of its nature as a Catholic-oriented institution, the University Counseling Center does not consider the matter of religious orientation in the selection of interns. Applicants with diverse identities are encouraged to apply. The UCC is committed to attracting and retaining diverse interns.

Application Requirements

Total Direct Contact Hours Minimum	400
Total Direct Contact Assessment Hours	No minimum
Minimum number of Adult Clients (Intervention)	20

Applicants are also expected to:

- have passed doctoral comprehensive examinations by the application deadline
- be certified as ready for internship by their doctoral programs
- be admitted to doctoral candidacy by the start of the internship, i.e. to have completed all graduate coursework and to have proposed the dissertation prior to arrival at the internship site.

More detailed information regarding University benefits available to Interns may be obtained from the Department of Human Resources at the University of Notre Dame at the following web site: www.nd.edu/~hr.

If changes to the Fair Labor Standards Act (FLSA) are implemented in the next training year, internship positions may change from exempt to non-exempt employment status. This change will impact the nature of benefits offered to interns as well as intern eligibility for overtime pay. If this occurs, you will be informed of these changes by the University as they develop.
