Date Program Tables last updated: 10/05/20

Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program's policies on intern selection and practicum and academic preparation requirements:

The University of Notre Dame Doctoral Internship Program offers a full-time, 12-month internship for three doctoral-level graduate students in accredited programs in counseling or clinical psychology. The internship begins in early August, and requires a commitment of 40 hours per week

The University Counseling Center considers applicants from APA or CPA accredited doctoral programs in counseling or clinical psychology. Selection criteria include interests and goals appropriate to the internship program, evidence of necessary emotional maturity and stability, interpersonal skills appropriate to the professional practice of health service psychology, ethical conduct, a sound theoretical and academic foundation for effective clinical work, skill in translating theory into integrated practice, and demonstrated sensitivity to multicultural issues.

The University of Notre Dame is an equal opportunity/affirmative action institution and does not discriminate on the basis of race, color, age, sex, or national origin in recruiting, hiring, training, assignment, compensation, promotion, or use of facilities. While the University asserts its rights under federal statutes and regulations to be exempted from the non-discrimination due to religion requirements because of its nature as a Catholic-oriented institution, the University Counseling Center does not consider the matter of religious affiliation in the selection of interns. Applicants with diverse identities are encouraged to apply. The UCC is committed to attracting and retaining diverse interns.
